**To the Inhabitants of the Town of Searsmont:**

This is to certify that your Board of Selectmen has requested that this department make an examination of the accounts of your town officials for the last municipal year. Due to the rush of work at this time of year, it is impossible for us to do this work until early in April.

Respectfully submitted,

**STATE DEPARTMENT OF AUDIT**  
**HAROLD E. CRAWFORD,**  
**Municipal Auditor.**

---

**STATEMENT BY SELECTMEN**

We have on file a complete report of the audit made by the State Dept. of Audit for the year ending Feb. 3, 1942. Due to the fact that printing this entire report would cause repetition of some parts of our printed report for last year, we are only including in this report the schedule submitted by the State which did not appear before.

**State Department of Audit**

**Augusta**

**October 12, 1942**

**To the Inhabitants of the Town of Searsmont:**

In accordance with the request of your municipal officers, this department, represented by C. G. Hawes, has completed an examination of the accounts of your town officials for the municipal year ended February 3, 1942.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of that date; subject however to a probable shrinkage in the final settlement of unpaid tax accounts, and to a total loss on impounded cash.

The data obtained by us is summarized in the following:

- 9 Excise Tax Collections

Respectfully submitted,

**STATE DEPARTMENT OF AUDIT**

HAROLD E. CRAWFORD,  
Municipal Auditor.

**C O M M E N T S**

**Cash:**

All cash recorded as received was properly accounted for and is summarized on Exhibit B.

Expenditures were made by check from properly authorized warrants.

The cash balance was reconciled with the bank as per detail on Schedule 1.

**Taxes:**

The 1941 tax commitment was added and found to agree with the Assessors' records, with the exception of \$.63, fractional gain, which was adjusted. The total commitment was accounted for by cash, discounts, abatements as shown by Schedule 7, or was still unpaid as shown by Schedule 2.

The excise tax receipts were checked and as shown by Schedule 9, all cash collected was deposited with the Treasurer.

**Tax Liens:**

All receipts from tax liens appeared to have been properly recorded, and those still unpaid, according to the records, are shown by Schedule 3.

**General:**

The records of the Selectmen were examined and all authorized expenditures appeared to be supportd by proper vouchers on file at the Selectmen's office.

With the exception of cash, no external verification was made of the asset or liability accounts.

## Report of Superintendent of Schools

---

To the Superintending School Committee and Citizens of  
the Town of Searsport:

We are employing the same teachers as last year and  
their work is satisfactory.

While many schools throughout the country have been  
closed, and in some instances children have been trans-  
ported a long distance, we have been able to continue the  
schools without interruption.

Many citizens may ask the question, why don't we  
share in the Equalization Fund? The following lines are  
taken from a letter received from the Department of Edu-  
cation. "You will note that the average of tax rates for  
the support of schools in the State for the current year is  
.01402 as compared with .01301 for the preceding year.  
This sharp upward trend in appropriations has resulted in

some towns which have shared in equalization being ineligible for equalization in 1943."

A bill is now pending in Legislature, and if it becomes a law will increase the amount of State Funds now apportioned on the basis of teaching positions. In order to receive this increase the towns must meet certain requirements. Space, and a clear knowledge of the bill, will not permit an explanation in this report. Papers have been placed in the hands of the Committee who will probably be able to throw some light on the matter.

It is earnestly desired that careful consideration be given these matters and a sum of money raised at the annual town meeting that will take care of the extra expense that must be met the coming year.

I appreciate the co-operation of the teachers and the support given by the Superintending School Committee.

ALBERT F. BARNES,

Supt. of Schools

## Report of Public Health Nurse—1942

---

### SEARSMONT

---

Our Country is at War! Our boys are fighting to preserve for us the "Four Freedoms" of Democracy. They are facing innumerable hazards and hardships, even Death! What are we doing to help them win the war? How can we help the most? One important way to help is by providing healthful environments for our mothers, babies and children, by doing everything possible to prevent communicable diseases, by studying and practicing the fundamental principles of good nutrition.

Your public health nurse has endeavored to assist you in taking advantage of the many services offered to your town by your State Bureau of Health.

Great credit is due to the women of this town for the formation of a permanent health committee. In addition to holding regular meetings, the committee is sponsoring monthly child health conferences. The nurse has been very ably assisted by the members of the committee, who have obtained the services of a pediatrician. Different members have been chosen to serve at the clinic for a period of six months. Attendance of children is by appointment. Three conferences have been held so far, with a total attendance of forty-two. Eight children were vaccinated and sixteen were immunized against diphtheria. In order to obtain funds for carrying on their program, the ways and means committee has sponsored several card parties and also obtained speakers and moving pictures from the Bureau of Health.

At a school immunization clinic, fifty-six were vaccinated and twenty-six received immunization against diphtheria.

Tuberculin tests were given to fifteen pupils of the Village and North Sears mont schools by the District Health Officer. Positive reactors were visited and arrangements made for the x-ray clinic in Belfast.

The audiometer test for hearing was given to thirty-two pupils from the third through the eighth grades in the schools. Three follow-up visits were necessary and these were made in the homes by the nurse.

Visits were made during the years to prenatal patients to urge them to seek medical advice as early in pregnancy as possible. In many instances the mother was helped in making plans for her confinement.

Visits were made to mothers of infants to stress the importance of keeping the babies under medical care, to have them vaccinated against smallpox, immunized against diphtheria and whooping cough. In these many contacts, the mothers have been helped also on the nutritional problems.

Two referrals were made to the Crippled Children's Clinic, conducted by the Bureau of Health. Seven follow-up visits were made in the homes on crippled children and help given when necessary.

Schools have been visited and many problems discussed with the superintendent and teachers.

Thirty-nine visits have been made in the town this year.

[60]

The nurse wishes to thank the health council, other women, town officials and teachers for their splendid co-operation during the past year. We are in hopes that the health council will continue to function as in this way a better health program may be obtained.

MARION S. YOUNG,

Public Health Nurse
